

Kendal Flyer

Newsletter of the Kendal Model Aero Club

July 2011

Hi guys – mid July already; doesn't seem possible! I've just got back from a couple of weeks holiday fully expecting to see the field ploughed and the fresh shoots of new grass sprouting. But no, our strip is still there, nicely mown as usual.

However, we now have two strips! In readiness for the plough, our committee has organised a new temporary strip in the adjacent field, with access through the hedge. So, when the field is ploughed and re-seeded, we just move next door and carry on flying without interruption.

I'm sure everyone will join me in a great big "THANK YOU" to all the guys involved for their hard work on our behalf.

Events

The Funfly and Scale day in June was enjoyed by all who attended, despite the rain which reduced events to just the Spot Landing and Scale static judging.

The Spot Landing winners were:

1 st	John Webster	(2 metres)
2 nd	Martin Armitstead	(3.5 metres)
2 nd	Andrew McClure	(3.5 metres)
3 rd	Peter Dowker	(5 metres)

The Scale winners were:

1 st	Alan Rhodes	Nieuport 17
2 nd	Ray Gott	Nieuport 17
3 rd	John Saunders	Mustang

Unfortunately, there were a few hiccups regarding the distribution of the last newsletter, so apologies to those who didn't receive notification of this event.

Windermere Air Show 23/24th July

The BMFA has finally given approval for our participation in this event. So, volunteers are required for the duties of Flight Line Marshalls (3) and assistance in erecting and manning the stand. The loan of about a dozen models of varying types for display is also required. Please contact Chairman Brian for details.

Don't forget:

BBQ and fun fly	14 th August
Sim night Gilpin Bridge Hotel	19 th October
Swopmeet Gilpin Bridge Hotel	16 th November
Xmas Dinner @ Strickland Arms	15 th December

At the field

Delicate, precision repairs – with hacksaw blade!

Happy Landings!
